

Lapithus

The Lapithus Group is a group of companies created to provide a full range of investment management for portfolios acquired by the Apollo European Principal Finance and Apollo Global Real Estate Funds. These portfolios vary by asset type from unsecured consumer loans, through to residential mortgage and commercial real estate backed loans to direct real estate investments and are located across Europe.

The group currently has in excess of €5bn of assets under management. The company's aim ultimately is to maximise the returns to the funds and make the investments successful.

Lapithus has companies in Luxembourg, Germany, UK, Spain and Ireland and currently employs 111 people, of whom 26 are in Germany. The company has two main business functions: Asset Management and Portfolio Management which are supported by corporate support and control functions.

We are currently looking to hire a
Real Estate Intern/Working Student

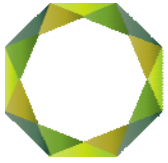

into our **Frankfurt** office to support the effective management, acquisition and sale of real estate.

Key responsibilities:

- Collection, compilation and reporting of real estate market, economic and demographic information
- Manage clients requests for data, information and site visits
- Conduct background research and manage the database of prospective clients
- Management of sales data rooms
- Create and update property profiles
- Support Real Estate Asset Management in the creation and development of business plans, budgets, forecasts and reports on property and portfolio level
- Support in acquisition processes of German and international real estate investments
- Constant communication and close working with internal departments as well as other external service providers such as brokers, property and asset managers
- Special projects, ad hoc requests and miscellaneous administrative duties as needed

Skills and qualifications required:

- Working towards a Bachelors or Masters degree with emphasis on Real Estate preferred
- Prior internships in real estate investment, real estate appraisal or property financing desirable but not mandatory
- Strong numerical and analytical skills
- Outstanding modeling skills in MS Excel (VBA Macros)
- Passionate about Real Estate

Lapithus

The ideal candidate will also have

- Fluency in German and English – both written and oral – due to the international nature of the company
- High resilience, perseverance and confidence
- A hard working, happy to go the extra mile approach
- Flexibility, commitment, team spirit, a sense of responsibility and strong communication skills
- Ability to work under own initiative at a high pace

If you are interested in the above opportunity, apply by sending an English CV, cover letter and grades to:
