

Specialist Real Estate Data Management & Reporting (m/f/d)

We find a roof over everyone's head - from offices to laboratories to industrial sites, we look after our sites worldwide in the Global Real Estate department. We are responsible for BASF's real estate management and ensure optimal use of the portfolio with our real estate services. International and national real estate initiatives as well as the purchase and sale of real estate are part of our work.

RESPONSIBILITIES

Become part of our new team that offers excellent services in the field of real estate management. In this role, you will contribute to the strategic management of BASF's global real estate portfolio based on our corporate strategy.

- o This will include managing the real estate portfolio efficiently and effectively and having the strategic vision to develop and optimize the portfolio sustainably in terms of costs and transparency.
- o In addition to this you will be in charge for the administration, operation and further development of BASF's real estate management tools and create reports, especially in SAP RE-FX and SAP LUM.
- o Furthermore you will create and develop evaluations, analyses and reports on group level as well as ad-hoc analyses.
- o The continuous updating and creation of location and real estate data in SAP RE-FX will be part of your tasks.

BENEFITS

- o This position may be part-time or full-time, permanent or temporary.
- o Location-independent work models with defined days of presence in Berlin and place of residence in Germany.
- o Flexible working hours so that you can organize your working and private life according to your needs.
- o Health and wellbeing programs to help you achieve better health and work-life balance.

ABOUT US

Please note that we do not return paper applications including folders. Therefore please submit only copies and no originals.
